

PRODUCT HEALTH AND NUTRITION POLICY

Kawan Food Berhad (KFB) manufactures, markets, and sells quality frozen foods with the mission to enrich lives through food, lead innovation, create value for our stakeholders and as a good corporate citizen continually contributes to economic, environmental, and social improvement through our activities in the local and international markets.

KFB is committed to innovating nutritious products using healthy ingredients manufactured with advance production technology without compromising on taste that our consumers enjoy as part of their convenient lifestyles while supporting our sustainability goals.

We are committed to:

- constantly monitor and evaluate our products for improving health, nutrition, and taste of our products. KFB will continually study the nutritional value of our existing products (product portfolio) and reformulate for nutritional improvements based on sound nutrition science, recommendations from public health and technology experts to make our products healthier and tastier.
- continually source and use quality ingredients from suppliers who achieve reputable certifications.
- manufacturing of products in our state-of-art processing facilities with relevant food safety certifications (e.g., HACCP, BRC, etc.) to complement our commitments towards food safety, health, and nutrition.
- offering affordable, convenient, healthier and trustworthy products, that contribute to improving the quality of consumers' lives.

This policy will be made available for all employees and public on our corporate website at www.kawanfood.com and will be communicated to all our existing and potential supply chain partners.

Training and awareness session(s) will be conducted to ensure this policy is fully understood and practised robustly.

KFB will review this Policy on a periodic basis and revise it accordingly to ensure adequacy, relevance and effectiveness of this Policy.
